2. **Public Comment:**

3. **Staff Reports.**

Chair Alvarez brought up different plans- 1) a big yellow sticker for residents that live here that have homestead and keep the price the same. 2) land owners that don't live here we would get a red sticker and raise it to \$1500.00 annual fee. The attorney didn't agree and we need to be equal to ever one and just raise the fee to \$200.00 for everyone.

Josh ask if we get the yellow stick will that allow us to ride on the road. Chair stated; the law is the law. Chair spoke that we need to come up with a solution or we can lose the reservoir. Bruno stated that they even complain about the \$50.00. He also said he doesn't think it fair to raise it for the homesteaders.

Chair spoke we should form a comity to help with the control in the reservoir.

Supervisor Napoles stated that he would hate for anyone that is on the comity or an employee get into any confrontation

Resident spoke that we need to enforce the stickers we have now.

Supervisor Mata agreed to have a comity because they ride more in the reservoir and gather more information for the Board.

Chair stated that we need to get rid of the extra permit.

Officer Mc Kniel spoke about the easement and from nature line to nature line. Becky gave the stickers we currently use and how many passes for the homeowners and the rules and regulations. Resident ask if we live in a farming community. We actually live in n RR1 (which is a residential community) and four wheelers are not allow. All ride of ways was open and they are going to keep them closed, because they lead to a paved road that you would eventually have to cross. Leave everything as is cut down on guess passes and have a deputy assigned to the gate.

**Adjournment.** Chair Alvarez asked for meeting to be adjourn motion by Supervisor Naranjo and second by Supervisor Miller. All in favor said I's.
